“FOREST ACT”

HIS HONOUR the Lieutenant-Governor in Council has been pleased to order that the regulations made by Order in Council No. 857, approved April 20th, 1951, be rescinded, and that, by Order in Council No. 745, approved April 1st, 1952, pursuant to the “Forest Act,” being chapter 128 of the “Revised Statutes of British Columbia, 1948,” the following regulations be made:—

REGULATIONS

(Pursuant to the Provisions of the “Forest Act”)

REGULATION 1

Every person carrying on any land-clearing, lumbering, industrial, engineering, or construction operation during the closed season in or within one-half mile of any forest or woodland shall maintain such fire-fighting equipment as is hereinafter specified in these regulations.

REGULATION 2

Tools Required

Where a person carries on any of the operations specified in Regulation 1 above, it shall be the duty of such person to furnish and maintain such fire-fighting equipment as required in these regulations as follows:—

(a) *Engines, General.*—Where such person uses or operates an engine as a locomotive, logging-engine, or portable engine, such person shall maintain at or on such engine, ready and available for use, the following tools: Six 10-quart buckets, two 5-gallon capacity hand-tank pumps filled with water at all times, six shovels, three axes, three mattocks.

(b) *Stationary Internal-combustion Engines.*—Where a person is using or operating an internal-combustion logging or industrial engine in a stationary capacity, such person shall maintain all the tools required as provided in clause (a) above, and in addition thereto shall supply and have available at or near such engine an open-end 45-gallon drum full of water and chemical fire-extinguishers of not less than the total rating of 1 gallon of liquid or 10 pounds of gas or 10 pounds of pressurized dry chemical fully charged and properly affixed to the engine aforesaid.

(c) *Two or More Engines.*—Where such person operates two engines or more together as a unit, only one set of tools as described in clause (a) above and the additional equipment described in clause (b) above need be maintained by such person at a location immediately available to such engines.

(d) *Tractors and Logging-trucks.*—Where such person uses or operates an internal-combustion engine in a mobile capacity, such as a traction engine, tractor, or truck engaged in the removal of forest products, such person shall have properly affixed on such vehicle chemical fire-extinguishers of not less than a total rating of 2 quarts of liquid or 5 pounds of gas or 5 pounds pressurized dry chemical fully charged and ready for use, and in addition thereto such person shall supply and carry on such vehicle one shovel and one axe or one mattock.

(e) *When Crew Six Men or Less.*—Where such person is using or operating an engine and the total crew employed on the whole operation being carried out as mentioned in Regulation 1 consists of six men or less, such person carrying on such operation shall supply and have available and ready for use the following: Four 10-quart buckets, two axes, two shovels, two mattocks, one 5-gallon capacity hand-tank pump.

(f) *Power-saws.*—Any person operating a power-saw shall equip such power-saw with a fully charged chemical pressurized fire-extinguisher of not less than 8 ounces capacity by weight. A standard round-point shovel may be substituted for the extinguisher if desired by such person, provided it is at the saw when said saw is operating.

Painting of Fire-fighting Tools.—Provided always that all buckets, shovels, axes, mattocks, and hand-tank pumps required by these regulations shall be painted red and be kept in good repair and used only in case of fire. (For additional tool requirements on operations, see under Regulation 3.)

REGULATION 3

Any person carrying on any of the operations mentioned in Regulation 1 during the closed season in or within one-half mile of any forest or woodland shall:—

(a) *Additional Fire-fighting Tools Required on Operations.*—In addition to the equipment required in Regulation 2, provide and maintain at a readily accessible place at the site of such operation and have available for the men employed thereat such sets of tools in accordance with the schedule hereunder, which tools shall be in addition to those required elsewhere in these regulations or used elsewhere on the operation and shall be painted red and kept in good repair and used for fire-fighting purposes only.

NOTE.—Provided that a mobile tanker unit of a capacity not less than 500 gallons and equipped with a power-pump and 1,000 feet of 1½-inch discharge-hose is furnished at any such operating camp or unit, the number of hand-tank pumps required above may be reduced to six and the metal pails to twelve.

(b) *Fire-fighting Pumps (Gasoline) and Hose.*—At every operating camp or unit there shall be kept available in good running condition and for fire-fighting purposes only portable gasoline fire-fighting pumps with necessary tools for maintenance and supplied with the necessary suction-hose and 1,000 feet of 1½-inch discharge-hose per pump. The number of pumps will be in accordance with the number of men in the operating camp or unit as follows: 25 to 75 men, one pump; 76 to 150 men, two pumps; 151 to 275 men, three pumps; and 276 to 400 men, four pumps. Provided always that the pumps furnished as a result of the above requirements are suitable in the opinion of the Forest Officer.

REGULATION 4

Preventive Measures

Where a person carries on any of the operations specified in Regulation 1 above, it shall be the duty of such person to carry out fire-prevention measures as follows:—

- (a) *Spark-Arresters*.—Every engine, including motor-vehicles engaged in the removal of forest products, shall be equipped with a safe and efficient device for arresting sparks, of a design satisfactory to the Forest Service; provided that spark-arresters shall not be required in the case of a steam-engine operated with all exhaust outlets outside the stack.
- (b) *Fire-fighting Pumps and Hose for Steam Units*.—In case the engine is operated by steam, there shall be kept available at such engine at all times a sufficient supply of water for fire-fighting purposes, and the engine shall be equipped with one general-service steam-pump, 3 by 2 by 3 or larger, with 200 feet of hose of not less than 1-inch inside diameter with $\frac{3}{8}$ -inch nozzle, which pump and hose shall be kept always in repair and running condition.
- (c) *Damping Down when Humidity below 50 per Cent.*—In the case of an engine operated by steam power, other than a locomotive, if the engine is under steam and the relative humidity of the atmosphere in the vicinity of the engine is below 50 per cent, the surface of the ground surrounding the engine for a distance of not less than 200 feet in all directions therefrom shall be continuously kept wet by application of water by means of a hose or other appliance to be provided and kept for the purpose.
- (d) *Snagging and Clearing around Engine*.—All dead trees and snags 10 feet and over in height and within 200 feet of any logging or stationary engine (including internal-combustion engines) must be felled before the engine starts operations, and all slash and debris shall be removed for a distance of not less than 10 feet from such logging or stationary engine.
- (e) *Haul-back Lines and Corner Blocks*.—Haul-back lines shall be laid in straight lines, and all points of friction with inflammable material shall be removed. All slash or debris shall be removed for a distance of not less than 10 feet from all corner blocks.

REGULATION 5

Camp Fires

Every person who sets out, starts, or kindles any fire in any forest or woodland during the closed season for the purpose of cooking or obtaining necessary warmth:—

- (a) Shall not locate the fire within 10 feet of any log, stump, snag, or standing tree; and
- (b) Shall clear away all inflammable debris and material down to mineral soil for a space of 3 feet in every direction from the edge of the fire.

REGULATION 6

Notices Prohibiting Fires

Where notices have been posted in conspicuous places in the vicinity of any forest or woodland by the owner thereof or by an officer of the Forest Service, prohibiting the setting out of fire within the forest or woodland during the closed season, no person shall for the purpose of cooking or obtaining necessary warmth set out, start, or kindle any fire within that forest or woodland; and no permit issued under the "Forest Act" authorizing the setting-out, starting, or kindling of fires for any such purpose shall extend to or apply within the area of any forest or woodland in respect of which notices have been so posted.

REGULATION 7

Exemptions by District Forester

The District Forester may, in his discretion, grant an exemption or vary from any or all the provisions referred to in Regulations 2 to 4, inclusive; provided, however, such exemption must be in writing and shall state the period of the exemption, which shall not be valid beyond December 31st of each year; provided further that such exemption may be cancelled by the District Forester at any time by notice in writing, mailed by registered prepaid post addressed to such person at his last-known address.

REGULATION 8

Fire-fighting Rates of Pay

The full compensation for voluntary or compulsory assistance in the fighting, controlling, or extinguishing of any forest fire by persons who have been employed or summoned to assist, pursuant to the "Forest Act," shall be as follows:—

- 75 cents per hour for fire-fighters.
- 85 cents per hour for straw-bosses or sub-foremen or pump operators.
- 90 cents per hour for power-saw operators.
- \$1.00 per hour for foremen.
- \$1.00 per hour for fallers (in Coast districts west of the Cascade Mountains only).
- \$1.25 per hour for tractor-drivers.
- Not to exceed \$11.50 per day for cooks.
- Not to exceed \$6.50 per day for cooks' helpers.
- Not to exceed \$11.50 per day for horse-packers.
- Not to exceed \$10.50 per day for timekeepers.
- Not to exceed \$15.00 per day for fire superintendents.

In addition to the above rates of pay, board shall be provided for the persons so employed or summoned to assist; provided that when considered expedient the persons so employed may provide their own board, and amounts in lieu thereof may be added to their compensation at rates to be determined from time to time by the Minister.

LEGISLATIVE ASSEMBLY

PRIVATE BILLS

EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a) A printed copy of such Bill;
- (b) A copy of the petition to be presented to the House;
- (c) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated January 5th, 1949.

E. K. DeBECK,
Clerk, Legislative Assembly.

DEPARTMENT OF MUNICIPAL AFFAIRS

"TOWN PLANNING ACT"

PURSUANT to the provisions of section 61 of the "Town Planning Act," being chapter 339 of the "Revised Statutes of British Columbia, 1948," as amended, His Honour the Lieutenant-Governor in Council has been pleased to make the following regulations:—

QUESNEL DISTRICT REGULATED AREA

1. These regulations apply to the area defined as follows: District Lots 5014, 346, 48, 222, 81, and that part of District Lot 385 outside the boundaries of the Village of Quesnel as defined in The British Columbia Gazette.

2. The area defined in Regulation 1 is hereinafter called the "area," and shall be known as the "Quesnel District Regulated Area."

3. There shall be an Inspector for the area appointed by the Minister of Municipal Affairs.

4. The Inspector shall enforce the provisions of these regulations.

5. Nothing in these regulations shall require the removal, alteration, or abandonment of, nor prevent continuance of, the use or occupancy of an existing building unless, in the opinion of the Inspector, the building or its use constitutes a hazard to the safety of the public or the building is in a dilapidated or neglected condition, or, in the opinion of the Medical Health Officer, the building or its use constitutes a menace to public health.

6. The approving officer as defined in the "Land Registry Act" shall not approve of a plan of subdivision that does not conform to the requirements of Regulations 7 and 8 hereof without the written consent of the Inspector, except where provision for the relaxation of said regulations is made herein.

7. No land shall be subdivided into lots or parcels for building purposes unless:—

(a) A method of sewage-disposal satisfactory to the Medical Health Officer is possible for each lot:

(b) Each lot in a Residence class district is at least six thousand square feet in area and, in addition, is at least fifty feet in width and at least one hundred feet in depth, or in a Commercial or Industrial district is at least thirty feet in width and at least one hundred feet in depth. Where the area which it is proposed to subdivide is of such a shape, or the design of an adjoining subdivision is such, that in his opinion a variation from

such measurements is justified, the approving officer may approve a plan showing such variation:

(c) Each lot or parcel resulting from the subdivision abuts on a public highway along one full side of said lot:

(d) The approving officer is satisfied that the subdivision design is suited to the configuration of the land in and about the area which it is proposed to subdivide and to the road plan of adjoining subdivisions:

(e) All road allowances in the subdivision that, in the opinion of the approving officer, form a part or extension of the major road system are planned to permit a finished grade not exceeding seven per cent, and all other road allowances in the subdivision are planned to permit a finished grade not exceeding twelve per cent:

(f) Road allowances are not less than the width prescribed in Schedule A hereof for the road category in which they are placed by the approving officer; and in the case of an existing road alongside the proposed subdivision, which is of less width than prescribed for its category as aforesaid, the subdivision plan is designed to provide at least half the difference between the existing width and such prescribed width, provided that where highway plans or other conditions require a greater width, as indicated by the approving officer, provision for such width shall be made in a similar manner:

(g) All road allowances are graded and gravelled and all appurtenant works done as required by the approving officer:

(h) All structures of any kind, including fences, are removed from the road allowances:

(i) The land is not swamp land and is not subject to intermittent or periodic flooding.

8. The subdivision of land in Rural class districts into parcels of less than two acres shall not be approved except on the recommendation in writing of the Board of Appeal.

9. (1) Except as provided in subsection (2), no person shall commence the erection of, or an alteration or addition to, or a repair affecting the structural stability of, a building, structure, or fence over six feet in height, or the installation or alteration of, or addition to, plumbing in any building in the area without first obtaining a permit in respect thereof from the Inspector.

(2) Where work, commenced before the date of these regulations, on a building which does not conform to these regulations or which is intended for a non-conforming use has been discontinued, such work may be resumed within six months of such date. Sufficient progress in the work shall then be made to the satisfaction of the Inspector, otherwise any further construction or use shall be in conformity with these regulations.

10. No person shall move a building, structure, or fence over six feet in height, other than small accessory buildings or structures within a Rural class district, within or to any part of the area without first obtaining a permit in respect thereof from the Inspector.

11. (1) Before considering an application for a permit, the Inspector shall require the applicant to furnish evidence of compliance with Regulation 7 (g) hereof, in addition to such plans, specifications, and other information as he thinks proper.

(2) The application for a permit, together with such plans and other information as the Inspector requires, shall be examined by him, and if it appears to him that such plans and other information are in conformity with the requirements of these regulations and all other laws applicable thereto, the Inspector shall issue the building permit upon receipt of the required permit fee as specified in Schedule C hereof, and not otherwise, except as provided in Regulation 37 hereof.

12. Except as provided in Regulation 37 hereof, the Inspector shall not issue a permit for any building unless there is compliance with the requirements of the following clauses:—

- (a) Any building intended for human or animal habitation, or as a place where people may congregate, such as a community hall, dance-hall, or similar use, or as a food-catering establishment, shall have provision made for sewage-disposal satisfactory to the Medical Health Officer, and the water-supply shall be satisfactory to the Medical Health Officer:
- (b) Only one dwelling shall be erected on each six thousand square feet in one parcel of land and there shall be fifty feet of frontage for each such dwelling, except where subdivision into parcels of less area has been made prior to the date of these regulations or as provided for in Regulations 6 and 8 hereof; provided, however, that this shall apply to single- and two-family dwellings only and not to living-quarters forming part of a store or similar commercial use or to multiple dwellings. Where two dwellings or more are erected on a parcel of ground exceeding fifteen thousand square feet in area, they shall be located as if each were on a separate lot conforming to the requirements of these regulations:
- (c) Structural details shall comply with the National Building Code of the National Research Council of Canada, except as otherwise required herein; plumbing installations shall comply with sections K.1.1. to K.6.4.2., inclusive, of Appendix K of said National Building Code; and sewage-disposal systems and septic tanks shall comply with the requirements of Schedule B hereof:
- (d) Any building intended for human habitation as a single-family dwelling shall have a floor area of not less than five hundred square feet, and any building intended for human habitation as a two-family dwelling shall have a floor area of not less than eight hundred square feet; living-quarters above stores or in multiple dwellings shall have a floor area of not less than four hundred square feet per housekeeping unit:
- (e) The window area in any room intended for use for human habitation shall be at least one-tenth the floor area:
- (f) Where adequate sewage-disposal and sufficient water facilities are available, every building intended to be used for human habitation shall be provided with at least one sink and one toilet and one bathtub or shower properly connected to the approved sewage-disposal system:
- (g) Where land is occupied or is to be occupied by more than three dwellings per acre or by more than three families per acre, if a sufficient water-supply is available, flush-toilets draining into septic tanks or otherwise satisfactory to the Medical Health Officer shall be provided:
- (h) Where privies are permitted, they shall conform to the requirements of section 16(f) of the Regulations for the Sanitary Control of Industrial Camps:
- (i) No open-joint tiling in a sewage-disposal field and no building, other than accessory buildings which the Medical Health Officer considers not likely to cause pollution of water, shall be erected within a less distance than fifty feet from the normal high-water line of any lake, the waters of which are used for swimming or drinking by human beings, nor from any stream; provided that the prohibition in case of any said stream may be waived at the discretion of the Medical Health Officer:
- (j) All buildings other than small accessory buildings shall be supported on walls of masonry or reinforced concrete conforming to the provisions of clauses (b) and (c) of Article 3.7.7.2. of the National Building Code:
- (k) The parcel of land on which it is intended to erect the building or structure, if it has been registered subsequent to the date of

these regulations, shall have resulted from a subdivision complying with the requirements of these regulations, notwithstanding the provisions of section 106 of the "Land Registry Act."

13. (1) Tourist camps conforming with the regulations made under the "Tourist Accommodation Regulation Act" shall be exempted from the requirements of Regulation 12 hereof.

(2) Tourist camps shall be located only on sites approved by the Appeal Board.

(3) Tourist camps shall not be occupied by other than transient guests or bona fide tourists without the consent of the Appeal Board.

(4) Any installation, erection, or use of electrical equipment shall be subject to the regulations of the "Electrical Energy Inspection Act."

(5) All structures shall conform with the provisions of the "Fire Marshal Act," and with any regulations pursuant thereto.

(6) No building shall be used for a purpose other than that for which a permit was issued, except with the written permission of the Inspector.

14. The Inspector may withhold a permit for, or order the removal of, any building, structure, or fence over six feet in height, the existence of which is in his opinion contrary to public interest. The Inspector in his order for removal shall name a time by which such building, structure, or fence shall be removed and give the reasons for requiring said removal.

15. If a permittee has not commenced to exercise his rights under the permit within six months from date of issue, the permit shall expire.

16. Where a person obtains a permit, he shall carry out the construction in accordance with the terms on which the permit is based, and not otherwise.

17. The Inspector shall have power to enter upon and inspect every building in the course of construction in the area.

18. If any person is erecting a building, structure, or fence over six feet in height without a permit, or that is not in accordance with the plans and specifications on which the permit is based, the Inspector may:—

- (a) Order that person to cease building; or
- (b) Order that person to conform to the plans and specifications; or
- (c) Order that person to remove the building, structure, or fence within a time-limit to be stated in the order.

19. Where the Inspector finds a building, structure, or fence to be:—

- (a) In a dangerous condition, he may instruct the owner to make such repairs or reconstruction as he considers necessary to put said building, structure, or fence into a safe condition. If, in his opinion, the existing building cannot be satisfactorily repaired, or if the owner refuses or neglects to carry out the repairs or reconstruction ordered by the Inspector, the Inspector may order the building demolished by a date specified in the order:
- (b) Not in conformity with the requirements specified in Regulation 14 hereof for new buildings, he may, subject to the approval of the Board of Appeal, order the owner to make such alterations or additions or do anything that may be necessary to bring said building into conformity with these regulations by a date to be specified in the order.

20. Every person to whom an order is directed pursuant to these regulations shall obey the order.

21. The area is divided into districts of the following classes:—

- (a) "Rural districts," being the districts shown uncoloured within the boundaries of the area bordered red on a plan bearing the words "This is the plan referred to in Regulation 21, clause (a), of the regulations applying to the Quesnel District Regulated Area," and signed by the Minister of Municipal Affairs and deposited in the Department of Municipal Affairs:

- (b) "Residential districts," being the districts coloured yellow on said plan:
- (c) "Commercial districts," being the districts coloured purple on said plan:
- (d) "Industrial districts," being the districts coloured grey on said plan.
22. In a Rural district no person shall use land for purposes other than:—
- (a) Agricultural uses, which shall include horticultural and associated uses:
- (b) Residence uses as permitted in section 23 hereof:
- (c) Small industries for the primary utilization of natural products:
- (d) Other uses deemed by the Board of Appeal to be rural in nature, but not including retail stores and similar commercial uses, or factories.
23. In a Residential district:—
- (1) No person shall use land for purposes other than:—
- (a) Residences, churches, schools, community halls, non-commercial greenhouses, and other uses deemed by the Board of Appeal to come within the meaning of "customary residential uses":
- (b) Uses permitted in Regulation 22, subsection (a) and subsection (d), other than the keeping of animals or fowl for breeding or commercial purposes, provided that where a rural use creates or is likely to create a public nuisance, the Medical Health Officer may order its discontinuance:
- (c) Accessory buildings located in a rear yard and uses customarily incident to the above uses, provided that a building to shelter domestic animals shall be situated not less than one hundred feet from any well, spring, or creek, and as far from a dwelling on the same lot, and the nearest dwelling on any adjacent lot as the shape and size of the lot on which it is situated permits.
- (2) The keeping of animals or fowl for breeding or commercial purposes where such use exists at the date of the coming into effect of these regulations may be continued as a non-conforming use and shall be subject to Regulation 31 hereof, but no similar use shall be established hereafter.
- (3) No person shall erect a building on a site except in compliance with the following conditions:—
- (a) The height of the building shall not exceed thirty-five feet or two and a half stories:
- (b) A building to be used for human habitation shall have a floor area of at least five hundred square feet:
- (c) No building-site shall be occupied by buildings to more than thirty-three per cent of its area:
- (d) A rear yard shall be provided of not less than twenty-five per cent of the lot-depth, and it shall in no case be less than twenty-five feet in depth:
- (e) Two side yards shall be provided, each of which shall be not less in width than ten per cent of the width of the site, or five feet, whichever is greater; provided that no side yard need exceed ten feet in width; and further provided that where a building is not served by a side or rear lane, one side yard shall be at least ten feet in width and unobstructed and open to the sky:
- (f) On a corner lot at the rear of which are lots fronting on the flanking street, the yard paralleling and adjacent to the flanking street shall extend the full depth of the lot and shall be not less than twenty-five feet wide, unless otherwise permitted by the Board of Appeal and with the consent of the Minister of Public Works, in which case it shall be not less than twelve and a half feet wide.
24. In a Commercial district:—
- (1) Land may be used for the purposes permitted in Rural and Residential districts, and which conform to the height, yard, and area requirements of Regulation 23, or for retail stores and similar

commercial uses, offices, and service-stations, but not for industrial establishments employing more than six permanent employees, or for fruit processing or packing or similar plants, or other uses not deemed by the Board of Appeal to come within the meaning of the term "commercial uses."

(2) Where a building hereafter is erected or converted for retail or other commercial or business purposes where there is no public lane giving access to the rear of the building, provision shall be made for such access by means of a yard so that loading and unloading operations shall be conducted off the public highway.

(3) The height of any building hereafter erected shall be not more than thirty-five feet.

(4) For the purpose of Regulation 27 hereof, in the case of a building to be erected on a corner lot, other than one permitted in Regulations 22 and 23 hereof, each wall facing a street shall be deemed a main front wall.

25. In an Industrial district any lawful use is permitted; provided, however, that any buildings used for human habitation shall conform to Regulations 12 and 23 hereof; and further provided that no building and no land shall be used for any business or industry which is obnoxious by reason of the emission of smoke, gas, fumes, noise, or odour without the consent of the local Board of Health as prescribed in the "Health Act."

26. The height limitations prescribed herein shall not apply to windmills, silos, grain-elevators, and similar structures, nor shall they apply to chimneys, towers, and spires, occupying less than seven per cent of the site area.

27. (1) No person shall erect a building on a lot so that any main wall, other than projecting steps, will be nearer a highway than twenty-five feet, unless approved by the Board of Appeal and with the consent of the Minister of Public Works.

(2) Side yards shall be unoccupied and unobstructed by buildings.

(3) Proper sanitary provision for sewage-disposal by septic-tank treatment or better, satisfactory to the Medical Health Officer, shall be made wherever human beings live or work, and there shall be sufficient area unbuilt upon to provide an adequate disposal-field.

28. (1) Notwithstanding the provisions of Regulations 22, 23, 24, 25, and 26 hereof, a tourist camp may be established in any district subject to the approval of the Board of Appeal, but no part shall be used as a permanent residence unless it complies with the height, yard, and area requirements of Regulation 23 hereof.

(2) The Board of Appeal may permit the erection of an outdoor theatre in any district except residential; provided, however, that the said Board may impose such requirements as it thinks fit as a condition of such permission.

(3) Soil or gravel shall not be removed from, or garbage deposited on, any lands in the area without the consent of the Board of Appeal, which may state the terms and conditions on which the consent is granted.

(4) Where permission to conduct uses referred to in this regulation, or where an appeal under the provisions of Regulation 33, has been granted by the Board of Appeal, the applicant shall commence to exercise the rights so granted within six months of the date of the granting thereof or such rights shall expire.

29. (1) Any use of land or buildings contrary to the provisions of Regulations 21 to 28, inclusive, but which existed prior to the coming into effect of those regulations, may be continued, unless in the opinion of the Medical Health Officer and the Inspector such continuance is prejudicial to public health or interest.

(2) No non-conforming use which has been discontinued for thirty days shall be renewed.

(3) The lawful use of a building existing at the time of the coming into effect of these regulations, although such use does not conform to the provisions of Regulations 21 to 28, inclusive, may be extended throughout the building, but no structural alterations shall be made nor shall the non-conforming use be carried beyond the limits of the existing building.

30. If the Inspector is notified by the Medical Health Officer having jurisdiction in the area that any building is dangerous to health, the Inspector shall so notify the owner of the land, and may either:—

- (a) Require the owner to put the building in a safe condition within the period of time limited in the order; or
- (b) Require the owner or occupant of the building to vacate it within thirty days from the date of the order, and he may also order the owner to demolish the building within a time limited in the order.

31. (1) Except in the case of subdivision requirements in respect of which provision for appeal is made in the "Land Registry Act," any person who considers that any refusal to grant him a permit, or any order issued to him under these regulations, will cause him undue hardship shall have a right of appeal by way of a hearing before the Board of Appeal.

(2) Any person exercising the right of appeal shall file with the Secretary of the Board of Appeal within ten days of the giving of any decision under the foregoing regulations a written notice of appeal therefrom, which shall state clearly the grounds upon which the appeal is made. The appellant shall therein give an address to which all notices may be mailed.

(3) The Secretary shall notify the Chairman of the Board of Appeal of said notice of appeal; the said Chairman shall set a date for the hearing of the appeal, which shall be within ten days of the filing of the notice of appeal. Four days' notice of the said hearing shall be mailed by the Secretary, by registered mail to the appellant, posted to the address given in said notice of appeal, and to such other persons as may be designated by said Chairman. Where the appeal is for permission to establish a tourist camp as provided in Regulation 28 hereof, any of the owners or occupants of adjacent lands whom the Chairman deems may be affected thereby shall be notified of the hearing of the appeal.

32. (1) The Board of Appeal shall consist of the Government Agent at Quesnel, who shall be Chairman, and the following members, who shall hold office for two years only unless reappointed: A member who is a resident registered property-owner in the area north of the Village of Quesnel and a member who is a resident registered property-owner in the area south of the Village of Quesnel, and shall be appointed by the Minister of Municipal Affairs upon the recommendation of the resident land-owners in the area.

(2) Two members shall constitute a quorum.

(3) In the event of the death, resignation, or removal from office of any member of the Board, the vacancy thereby created shall be filled as soon as possible after the death, resignation, or removal, and until the appointment of a successor to such member, the remaining members shall constitute the Board.

33. The Board of Appeal may hear witnesses and take any other steps it may consider necessary to ensure a proper consideration.

34. The Chairman of the Board of Appeal shall have authority to administer oaths to the witnesses on the appeal.

35. In disposing of appeals the Board of Appeal may make such relaxations of these regulations, or of any order issued pursuant to these regulations, as the Board of Appeal considers necessary to ensure substantial justice, except that a change of classification of any district or part thereof or a change in the use permitted in any district may be made only by the Minister of Municipal Affairs on the recommendation of the Board of Appeal.

36. The decision in writing of a majority of the members of the Board of Appeal attending a regularly called meeting shall be the decision of the Board, and the Board shall not be required to readjudicate the same appeal on the same set of facts.

37. Where the decision of the Board of Appeal relaxes any of the regulations herein, it shall be competent for the Inspector to issue a permit or an order conforming to said decision.

38. The Inspector shall act as Secretary to the Board of Appeal and shall keep a record of proceedings of all meetings of said Board. He shall forward a copy of the decision of the Board in respect of any appeal to the appellant concerned.

39. *Penalty.*—Any person failing to carry out any provisions of an order issued pursuant to these regulations shall be guilty of an offence and shall be liable, on summary conviction, to a penalty not exceeding one hundred dollars for each ten days or part thereof such violation continues.

40. *Effective Date.*—These regulations shall come into effect on the first day of April, 1952.

SCHEDULE A

MINIMUM ROAD-WIDTHS

Category	Width (Feet)
Major roads	80
Secondary roads	66
Other roads	50

SCHEDULE B

1. *General.*—Whenever a street or common sewer is not available, any sanitary house sewer shall be connected to a private sewage-disposal system. Such system shall consist of a septic tank with a tile disposal-field or other approved means of disposal.

2. *Location.*—Any septic or other sewage-disposal tank shall be located outside and be separated from any wall of a dwelling-house. Any disposal field or area shall be located as far as practicable from any dwelling, and in no case shall disposal-tiles be nearer at any point than ten feet to any dwelling. No sewage-disposal system shall be so located that it is liable to contaminate any existing domestic water-supply, nor shall it be located under any roadway or traffic-way.

3. *Materials.*—The walls and floors of any septic tank or other sewage-disposal tank shall be of substantial water-tight construction.

4. *Capacity.*—No septic tank or other sewage-disposal tank shall have a capacity, below the invert of the outlet-pipe, of less than four hundred gallons, and shall be constructed according to plans and specifications to be seen in or obtained from the office of the Inspector, or shall be constructed according to other specifications submitted to and approved by the Inspector.

Adequate provision shall be made for any condition that may result in a flow of sewage greater than four hundred gallons per day in any dwelling or fifteen gallons per person per day in any school or similar establishment. When computations or assumptions are made as to the expected flow of sewage, the septic tank shall be sufficiently large to allow a detention period of twenty-four hours, and shall contain in addition a reasonable space for sludge storage.

5. *Design.*—The digestion or treatment and dosing chambers of any septic tank or other sewage-disposal tank shall be securely covered with concrete, metal, or wood, and shall be provided with adequate means of access.

The depth of the digestion-chamber shall not be less than forty-two inches below the level of the liquid outflow. A space of at least twelve inches shall be provided above the level of liquid outflow for scum formation and gas escape.

The inlet and outlet pipes shall be of a size not less than that of the sewer served and shall be so provided with baffle-plates or with inverted sanitary tee-fittings as to prevent any excess turbulence or disturbance of the scum. The outlet baffle or tee-fitting shall extend not less than six inches above and fifteen inches below the water-line. The inlet tee-fitting or baffle shall extend several inches above and ten to fifteen inches below the water-level in the tank. The level of the outlet shall be two to four inches below that of the inlet.

6. *Dosing-chambers.*—Any septic tank or other sewage-disposal tank of more than 400-gallon capacity and discharging into a sub-surface tile disposal-field or sand filter shall be provided with a dosing-chamber of liquid capacity of at least one-tenth that of the treatment-tank.

7. *Dosing-siphons.*—Dosing-chambers shall be provided with siphons or other discharging devices, and shall be automatic unless other means are provided for their proper operation. Such siphons or other discharging devices shall be made of corrosion-resistant material.

8. *Storm-water.*—Surface or storm water shall not be drained into any private sanitary sewage-disposal system.

9. *Capacity of Tile Disposal-field.*—In assessing the capacity of any private sub-surface disposal-field for sewage, consideration shall be given to the character of the soil and the capacity of the dosing-chamber.

The length of open-joint tiling shall be not less than sixty lineal feet per dwelling in porous soils, and shall be increased in proportion to the number of bedrooms in excess of two and not more than five at the minimum rate of eighteen lineal feet per bedroom.

For schools and similar establishments whose daily requirements are of limited duration, the length of open-joint tiling shall be not less than two hundred and sixty lineal feet.

The volume of the disposal-tile and feeder-pipes shall in no case be less than one hundred and twenty per cent of the discharge volume of the dosing-chamber.

10. *Tile Disposal-field in Impervious Soil.*—No sub-surface sewage irrigation-field shall be constructed in clay or other heavy or impervious soil unless porous filtration media and adequate drainage are provided by removing such impervious soil and replacing it with porous filtering material, such as coarse sand, gravel, cinders, or broken stone, to a depth below the bottom of the disposal-tile of not less than eighteen inches and preferably not less than twenty-four inches.

11. *Size of Open-joint Tile and Method of Laying.*—Ordinary field drainage-tile of a size not less than four inches shall be used. They shall be laid on a firm base of broken stone, gravel, or on tile supports, and shall have a depth of cover not less than twelve inches nor greater than twenty-four inches. Open joints of one-eighth to three-eighths of an inch shall be left between tiles, and the upper half of such joints shall be covered by tarred paper, broken tile, or other approved protection. The tile-trench shall be back-filled with coarse sand, gravel, cinders, or broken stone of particle size not greater than one-half inch in any dimension, to a depth of six inches over the top and around the sides of the tile wherever the soil is less porous than coarse sand or gravel. Tiling shall not be laid under any roadway or traffic-way.

12. *Grade of Tiling.*—The open-joint tiling shall be laid at a small uniform down-grade not exceeding two inches per one hundred feet.

13. *Lateral Branches of Tiling.*—Lateral branches of open-joint tiling shall be not less than three feet apart, and shall be connected to the liquid-effluent pipe or to a header

by sewer-pipe branch fittings. Header-pipes shall be of a quality equal to that required for house sewer-pipes.
